

Patents

In accordance with 35 U.S.C. § 287(a), PLx Pharma is providing this webpage to give notice to the public about the association of certain patented articles with the number(s) of certain United States patents. Additional patents are pending in the United States and elsewhere. The listing of patent numbers on this page may not be all-inclusive, and it does not preclude PLx Pharma from pursuing other legal rights not reflected on this page.

Here is a list of US-issued patents that cover VAZALORE® 325 mg and 81 mg products. These patents include composition of matter, methods of use, and methods to make:

10646431
